Total

Please call 888-75-CURVE with any questions.

If the INSIDE RADIUS measurement is not known, fill in the RISE & RUN or send us a template.

In the bending process deck boards may have spring back. Bugh Inc. will only be responsible for + or - 1/2" in the Rise.

Curved Deck Boards should be installed first, then infill cut to curved boards.

Customer is responsible for radius ordered.
 Rise & Run should be measured from inside of where the rail or deck board is going to be installed.

For more detailed instructions on how to measure for a radius rail or making a template, visit www.bughinc.com/curved-products/
